The UCMMT 2024 committee is pleased to invite you to attend the 17th United Conference on Millimetre Waves and Terahertz Technologies (UCMMT), from 21st to 24th August 2024.

UCMMT was created in 2008 to stimulate and strengthen scientific collaboration, knowledge and cultural exchange. The conferences are held yearly, alternating between Europe and China. UCMMT is a unique conference, where leading scientists from all over the world share their knowledge in the field of millimeter waves and THz sources, devices, systems, and applications.

Palermo, located in the heart of the Mediterranean sea, offers a combination of historical and cultural heritage, blessed with stunning natural landscapes.

We look forward to seeing you in Palermo in August 2024.
